

# MKM 1211

Electric holding cabinet for 5, 7 and 11 trays BM and TS, controlled by the oven

The MILLENNIAL line puts all our technical know-how at the service of your daily needs. The holding cabinet will allow you to interrupt the preparation stages and serve cooked dishes in advance, always preserving all the organoleptic characteristics that make your dishes unique. Because the frantic rhythms in a kitchen during service must never compromise the quality of your customers' experience.
